

There's still time to build wealth for your retirement.

Maximise super growth options
with an extensive range of ASL finance
and investment products.

Now you can maximise super growth options with a range
of ASL financial products that may benefit your current financial circumstances.

With Super tax incentives in place only for the next three years, now has
never been a better time to consolidate wealth for retirement.

If you are planning a comfortable retirement and funds are a problem or
alternatively if you are looking for higher yields with less risk enquire today about
an ASL finance or investment product that can be tailored to suit your needs.

ASL offer more competitive finance and investment rates than most other
financial institutions. Ring the finance or investments team at 1300 ASL ASL for
further information or email: finance@asltd.com.au but don't take too long...

...the retirement clock is ticking.
